

**Media Statement – Outbreak over at Westside Long Term Care Home – Toronto
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

April 15, 2021

We received notice today from Toronto Public Health that the COVID-19 outbreak at Westside Long Term Care Home in Toronto is over. The outbreak was declared on April 2 after one staff member tested positive for COVID-19 as part of ongoing staff surveillance testing. Since the outbreak was declared three staff members have tested positive for COVID-19. All of these cases have since resolved.

We appreciate the support of Toronto Public Health, our residents and families and the local community as we worked to control the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate mask and eye protection at all times.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over and that no residents were affected.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
