

**Media Statement – Outbreak over at The Edgemont Retirement Residence – Calgary  
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

August 25, 2020

On August 24, Alberta Health Services declared the COVID-19 outbreak at The Edgemont Retirement Residence in Calgary to be over. One staff member tested positive on August 7 and is now resolved. No residents or other staff of The Edgemont were involved in the outbreak.

We appreciate the ongoing support of the Alberta Health Services and patience and understanding the families of our residents. We would also like to acknowledge the hard work of the team at The Edgemont who continue to work hard to prevent the spread of COVID-19.

We can assure you that we are not letting our guard down now that this outbreak is over. We are maintaining our vigilance, monitoring residents and screening staff for symptoms, and ensuring that staff wear surgical masks at all times.

Any residents or staff displaying any potential symptoms will be placed in immediate isolation and tested for COVID-19.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our retirement residences and long term care homes.
