

**Media Statement – Outbreak over at Granite Landing Retirement Residence – Cambridge, ON
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

December 29, 2020

Waterloo Public Health has declared the outbreak at Granite Landing Retirement Residence over. The outbreak was declared on December 18 after one third-party care provider tested positive for COVID-19. This has been resolved.

We appreciate the support of Waterloo Public Health and the patience and understanding of the families of our residents. We would also like to acknowledge the hard work of the team at Granite Landing who continue to work hard to prevent the spread of COVID-19.

We can assure you that we are not letting our guard down now that this outbreak is over. We are maintaining our vigilance, monitoring residents and screening staff for symptoms, and ensuring that staff wear appropriate masks and eye protection at all times.

Any residents or staff displaying any potential symptoms will be placed in isolation and tested for COVID-19.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our retirement residences and long term care homes.
