

**Media Statement – Outbreak over at Mount Royal Care Centre – Calgary
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

December 23, 2020

We received notice today from Alberta Health Services that the COVID-19 outbreak at Mount Royal Care Centre in Calgary is over. The outbreak was declared on October 18 after one staff member tested positive for COVID-19. During this outbreak, 68 residents and 44 staff members tested positive for COVID-19.

We regret to confirm that 13 residents passed away with COVID-19 during the outbreak. The team at Mount Royal offers its most sincere condolences to the families and friends of the people we have lost to the pandemic.

We appreciate the support of Alberta Health Services, our residents and families and the local community as we worked to control the spread of COVID-19 in the home. Our hearts go out to all who have been affected by this terrible virus.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate mask and eye protection at all times.

We have reached out to the families of residents to inform them that the outbreak has been declared over.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
