

**Media Statement – Outbreak over at Burloak Long Term Care Home – Burlington
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

February 14, 2021

We received notice today from Halton Region Public Health that the COVID-19 outbreak at Burloak Long Term Care Home in Burlington is over. The outbreak was declared on December 8, 2020 after one resident. During this outbreak, one resident and ten staff members tested positive for COVID-19. All cases have resolved.

We appreciate the support of Halton Region Public Health, our residents and families and the local community as we worked to control the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate mask and eye protection at all times.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
