

**Media Statement – COVID-19 Outbreak at Greenway Retirement Residence – Brampton
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

February 25, 2021

Peel Public Health declared an outbreak of COVID-19 at Greenway Retirement Residence in Brampton on February 25 after one third-party staff member tested positive for COVID-19. The staff member is in self-isolation at home. All residents and staff will be swabbed at the direction of Public Health.

We are working very closely with Public Health officials and are following strict pandemic outbreak protocols and infection control practices. All residents are monitored twice daily for symptoms.

All staff are screened at the beginning and end of their shifts and are being cohorted to work in assigned resident areas. All staff are required to wear an appropriate mask and eye protection in the home.

Enhanced cleaning is being done at Greenway. We frequently disinfect high touch surfaces like handrails and doors, common areas and staff rooms.

All residents in the home have been asked to self-isolate in their rooms. Meals are served in resident rooms with supervision and assistance as required. To maintain stimulation and social engagement during this period of isolation, individual recreation activities continue.

We have informed the residents, their families and the staff of the status of the outbreak. At the direction of Public Health, all indoor and outdoor visits are cancelled temporarily. Visits from essential caregivers and essential visits for palliative residents will be permitted.

All residents at Greenway who consented to or were able to be vaccinated have now received their second dose. Staff vaccinations are on-going.

We recognize how difficult these measures are for residents and their families. We appreciate the patience and understanding of families as we put these precautions in place for the safety of the residents.

Revera continues to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
