

**Media Statement – Outbreak over at Hillside Manor Long Term Care Home – Stratford  
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

February 18, 2021

We received notice today from Huron Perth Public Health that the COVID-19 outbreak at Hillside Manor Long Term Care Home in Stratford is over. The outbreak was declared on February 3. Since the outbreak was declared one staff member and one resident have tested positive for COVID-19. Both cases have now resolved.

We appreciate the support of Huron Perth Public Health, our residents and families and the local community as we worked to prevent the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate mask and eye protection at all times.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over.

All Hillside Manor residents who consented to and are able to be vaccinated have now received their second dose. Staff vaccinations are ongoing.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
