

Media Statement – Response to Manitoba Health report on external review of COVID-19 outbreak at Maples Long Term Care Home

February 4, 2021

“On behalf of Revera’s employees, residents and families in Manitoba, we would like to thank Minister Heather Stefanson and Dr. Lynn Stevenson for a fair and thorough review and report on the COVID-19 outbreak at Maples Long Term Care Home,” said Wendy Gilmour, Senior Vice President, Long Term Care, Revera. “We offer our most sincere condolences to the families and friends of the people we lost to the pandemic. We would like to recognize our staff for their resilience and determination to care for the residents through this unprecedented crisis. We look forward to reviewing the report and its recommendations in detail and to working with the Manitoba government and the WRHA to implement the recommendations in our care homes.”
