

**Media Statement – Update on the outbreak Scenic Acres Retirement Residence – Calgary  
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

February 11, 2021

Since Alberta Health Services declared an outbreak of COVID-19 at Scenic Acres Retirement Residence on January 20, we have received confirmation that 13 residents have tested positive for COVID-19. To date, seven residents have recovered. We regret to confirm that two residents have passed away with COVID-19. The team at Scenic Acres offers its most sincere condolences to the family and friends of the residents who passed away during the pandemic.

We continue to work closely with Alberta Health Services officials and are following our pandemic outbreak protocols and infection control practices. All staff are screened at the beginning and end of their shifts and are required to wear a surgical mask and eye protection in the residence at all times.

We are continuing enhanced cleaning at Scenic Acres, disinfecting high touch surfaces like handrails and doors, common areas and staff rooms frequently.

Group recreation programming has been replaced by one-on-one activities with residents for social engagement.

We have informed residents, their families and the staff of the status of the outbreak. Visits have been cancelled during the outbreak, except for designated essential visitors. We appreciate the patience and understanding of our residents and their families as we take these precautions. After the outbreak is resolved, we will notify families as soon as we are able to resume visits.

Revera continues to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
