

**Media Statement – Outbreak over at The Meadows Long Term Care Home – Ancaster
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

February 22, 2021

We received notice today from Hamilton Public Health Services that the COVID-19 outbreak at The Meadows Long Term Care Home in Ancaster is over. The outbreak was declared on December 16, 2020. During this outbreak 31 residents and 20 staff members tested positive for COVID-19.

We regret to confirm that eleven residents passed away with COVID-19 during the outbreak. The team at The Meadows offers its most sincere condolences to the families and friends of the people we have lost to the pandemic.

We appreciate the support of Hamilton Public Health Services, our residents and families and the local community as we worked to control the spread of COVID-19 in the home. Our hearts go out to all who have been affected by this terrible virus.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate mask and eye protection at all times.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
