

**Media Statement – COVID-19 Outbreak at Harold and Grace Baker Centre – Toronto
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

January 16, 2021

Toronto Public Health declared an outbreak of COVID-19 at the Harold and Grace Baker Centre Long Term Care Home, in Toronto today after five residents and six staff members tested positive for COVID-19. No residents of the Retirement Residence are affected. Only the Long Term Care Home has been put into outbreak status as a precaution.

The Long Term Care Home residents are in isolation in their rooms. The staff members are in self-isolation at home. All residents and staff will be swabbed at the direction of Public Health.

We are working very closely with Public Health officials and are following strict pandemic outbreak protocols and infection control practices. All residents are monitored twice daily for symptoms.

All staff are screened at the beginning and end of their shifts and are being cohorted to work in assigned resident areas. All staff are required to wear an appropriate mask and eye protection in the home.

Enhanced cleaning is being done at the Harold and Grace Baker Centre. We frequently disinfect high touch surfaces like handrails and doors, resident rooms, common areas and staff rooms.

At the direction of Toronto Public Health, all residents are to remain in their rooms at all times. Individual recreation activities will be continued to maintain social engagement during this period of isolation.

We have informed the residents, their families and the staff of the status of the outbreak. At the direction of Public Health, all indoor and outdoor visits are cancelled temporarily. Visits from essential caregivers and essential visits for palliative residents will be permitted.

We have started vaccinating residents who wish to be vaccinated, as directed by Public Health both in the long term care home and in the retirement residence. Vaccinations for staff and essential caregivers are underway.

We recognize how difficult these measures are for residents and their families. We appreciate the patience and understanding of families as we put these precautions in place for the safety of the residents.

Revera continues to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
