

**Media Statement – Outbreak over at McKenzie Towne Continuing Care Centre – Calgary
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

January 22, 2021

We received notice today from Alberta Health Services that the COVID-19 outbreak at McKenzie Towne Continuing Care Centre in Calgary has been declared over as of January 21. The outbreak was declared on December 19 after a designated family support person tested positive for the virus. During this outbreak, two residents and one staff member tested positive for COVID-19.

We appreciate the support of Alberta Health Services, our residents and families and the local community as we worked to control the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate mask and eye protection at all times.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
