- Dr. Rhonda Collins, Chief Medical Officer, Revera**

June 15, 2020

On June 14, Toronto Public Health declared the COVID-19 outbreak at Westside Long Term Care Home to be over. Our hearts go out to the family and friends of the resident we lost to this pandemic.

We appreciate the support of Toronto Public Health and our families during this outbreak.

We can assure you that we are not letting our guard down now that this outbreak is over. We are maintaining our vigilance, monitoring residents and screening staff for symptoms, and ensuring that staff wear surgical masks at all times.

Any residents or staff displaying any potential symptoms will be placed in immediate isolation and tested for COVID-19.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
