

**Media Statement – COVID-19 Outbreak at Scenic Grande Retirement Residence – Calgary
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

June 17, 2021

Alberta Health Services declared an outbreak at Scenic Grande retirement residence after one staff member tested positive for COVID-19. The staff member is in self-isolation at home. Residents and staff on affected units are being tested in consultation with Alberta Health Services.

We are working closely with Alberta Health Services officials to implement pandemic outbreak protocols and infection control practices. Residents on the affected units are monitored for symptoms twice daily. All staff are screened at the beginning of their shifts and are required to wear a surgical mask and eye protection in the residence at all times.

We continue to do enhanced cleaning at Scenic Grande, disinfecting high touch surfaces like handrails and doors, common areas and staff rooms frequently.

We have informed residents, their families and the staff of the status of the outbreak.

Residents of Scenic Grande who have consented and are able to be vaccinated have received their first and second dose. Staff vaccinations are also underway.

Revera continues to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our retirement residences and long term care homes.
