

**Media Statement – Update on outbreak at Scenic Grande Retirement Residence – Calgary
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

June 25, 2021

Since Alberta Health Services declared an outbreak of COVID-19 at Scenic Grande Retirement Residence on June 17, we have received confirmation that one staff member has tested positive for COVID-19. The staff member is at-home in self-isolation.

We continue to work closely with public health officials and are following our pandemic outbreak protocols and infection control practices. All staff are screened at the beginning and end of their shifts and are required to wear a surgical mask and eye protection in the residence at all times.

We continue to do enhanced cleaning at Scenic Grande, disinfecting high touch surfaces like handrails and doors, common areas and staff rooms frequently.

Residents of Scenic Grande who have consented, and are able to be vaccinated, have received their second dose. Staff vaccinations are also underway.

Revera continues to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our retirement residences and long term care homes.
