

**Media Statement – Outbreak over at Northridge Long Term Care Home – Oakville
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

May 27, 2021

We received notice today from Halton Region Health Department that the COVID-19 outbreak at Northridge Long Term Care Home in Oakville is over. The outbreak was declared on May 15. During this outbreak, one resident and two staff members tested positive for COVID-19. All three cases have now resolved.

We appreciate the support of Halton Region Health Department, our residents and families and the local community as we worked to control the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate mask and eye protection at all times.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
