Alberta Health Services has declared the outbreak at The Edgemont Retirement Residence over.

We appreciate the support of Alberta Health Services and the patience and understanding of the families of our residents. We would also like to acknowledge the hard work of the team at The Edgemont who continue to work hard to prevent the spread of COVID-19.

We regret to confirm one resident passed away with COVID-19 during the outbreak. The team at The Edgemont offers its most sincere condolences to the family and friends of the resident who passed away during the pandemic.

We can assure you that we are not letting our guard down now that this outbreak is over. We are maintaining our vigilance, monitoring residents and screening staff for symptoms, and ensuring that staff wear appropriate masks and eye protection at all times.

Any residents or staff displaying any potential symptoms will be placed in isolation and tested for COVID-19.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our retirement residences and long term care homes.
