

**Media Statement – Outbreak over at Main Street Terrace Long Term Care Home – Toronto
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

May 17, 2020

Toronto Public Health today declared the COVID-19 outbreak at Main Street Terrace Long Term Care Home to be over because there have been no new positive cases among residents or staff at the home. The resident who tested positive remains in hospital. We appreciate the support of Toronto Public Health, our families and the local community as we worked to contain the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We are maintaining our vigilance, monitoring residents and screening staff for symptoms, and ensuring that staff wear surgical masks at all times.

Any residents or staff displaying any potential symptoms will be placed in immediate isolation and tested for COVID-19.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care and retirement residences homes.
