

**Media Statement – Update on outbreak at Maples Personal Care Home – Winnipeg  
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

November 13, 2020

Winnipeg Regional Health Authority confirms that, as of today, 125 residents have tested positive for COVID-19. There are 7 active cases and 86 resident cases have resolved.

We regret to confirm that 32 residents of Maples have passed away with COVID-19, as announced by the province. Our team grieves alongside the families and friends of these residents, and we send them our heartfelt sympathies.

Fifty-six staff members of Maples have tested positive for COVID-19. Thirty are active cases, self-isolating in their homes and 26 staff members have resolved.

We continue to work closely with Winnipeg Regional Health Authority (WRHA) officials, including Kathleen Klaasen, who is overseeing the administration of the home, to review and address the findings of the WRHA review.

All staff are screened at the beginning and end of their shift and wear the appropriate personal protective equipment while in the home. Staff are cohorted to provide care for areas with residents who tested negative or positive.

We are maintaining pandemic outbreak protocols and infection control practices. All residents in the home are isolated in their rooms and monitored closely for symptoms twice daily. We are doing enhanced cleaning, frequently disinfecting high touch surfaces like handrails and doors, resident rooms, common areas and staff rooms. Individual recreation activities continue to maintain stimulation and social engagement during this period of isolation. Virtual visits can be arranged through the recreation team.

We are updating residents, their families and the staff on the status of the outbreak and will provide regular phone, email and automated voicemail message updates and conduct virtual town halls.

We understand that this is a very stressful time for residents, their families and our staff and we are doing everything we can to control the spread of COVID-19 in the home.
