

**Media Statement – Outbreak over at Northridge Long Term Care Home – Oakville, ON
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

October 21, 2020

Halton Region Public Health declared the COVID-19 outbreak at Northridge Long Term Care Home in Oakville to be over as of today. One resident had tested positive for COVID-19.

We appreciate the support of Halton Region Public Health and the patience and understanding of the residents and their families. We would also like to acknowledge the hard work of the team at Northridge, who continue to work hard to prevent the spread of COVID-19.

We can assure you that we are not letting our guard down now that this outbreak is over. We are maintaining our vigilance, monitoring residents and screening staff for symptoms, and ensuring that staff wear an appropriate mask and eye protection at all times.

Any residents or staff displaying any potential symptoms will be placed in isolation and tested for COVID-19.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
