

**Media Statement – Outbreak over at Heartwood Long Term Care Home – Cornwall
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

October 16, 2021

We received notice today from Eastern Ontario Health Unit (EOHU) that the COVID-19 outbreak at Heartwood Long Term Care Home in Cornwall is over. The outbreak was declared on October 1 after two residents and two staff members tested positive for COVID-19. All cases have since resolved.

We appreciate the support of EOHU, our residents and families and the local community as we worked to control the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. All staff are required to wear appropriate personal protective equipment in the home.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
