

**Media Statement – Outbreak over at McKenzie Towne Long Term Care Home – Calgary  
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

October 12, 2021

We received notice today from Alberta Health Services (AHS) that the COVID-19 outbreak at McKenzie Towne Long Term Care Home in Calgary is over. The outbreak was declared on September 5. During this outbreak, four residents and one staff member tested positive for COVID-19. All of these cases have since resolved.

We appreciate the support of AHS, our residents and families and the local community as we worked to control the spread of COVID-19 in the home.

We can assure you that we are not letting our guard down now that this outbreak is over. We will maintain our vigilance, monitoring residents and screening staff and visitors for symptoms. Staff will continue to wear an appropriate personal protective equipment at all times.

We are in the process of reaching out to the families of residents to inform them that the outbreak has been declared over.

Revera will continue to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
