

**Media Statement – COVID-19 Outbreak at South Terrace Long Term Care Home – Edmonton
- Dr. Rhonda Collins, Chief Medical Officer, Revera**

September 25, 2021

Alberta Health Services declared an outbreak of COVID-19 at South Terrace Long Term Care Home on September 24 after one staff member tested positive for COVID-19. The staff member is in self-isolation at home.

We are working very closely with Public Health officials and are following strict pandemic outbreak protocols and infection control practices. All residents are monitored for symptoms.

All staff are screened at the beginning of their shifts and are being cohorted to work in assigned resident areas. All staff are required to wear an appropriate mask, and eye protection as required, in the home.

Almost all residents and staff of South Terrace have been fully vaccinated. Third doses are completed for eligible residents. Enhanced cleaning is being done at South Terrace. We are frequently disinfecting high touch surfaces like handrails and doors, common areas and staff rooms.

We have informed the residents, their families and the staff of the status of the outbreak.

Revera continues to do everything we can to keep our residents and employees safe as we work to prevent the spread of COVID-19 at our long term care homes and retirement residences.
